Young Street Improvement Project

Project Update

Included in this notification:

- **Station Street re-opening**
- **Temporary closure of Balmoral Street and Young Street intersection**
- **Concreting / Paving in front of Young Street shops**
- **Night closure of Young Street to vehicle traffic**

Station Street re-opening

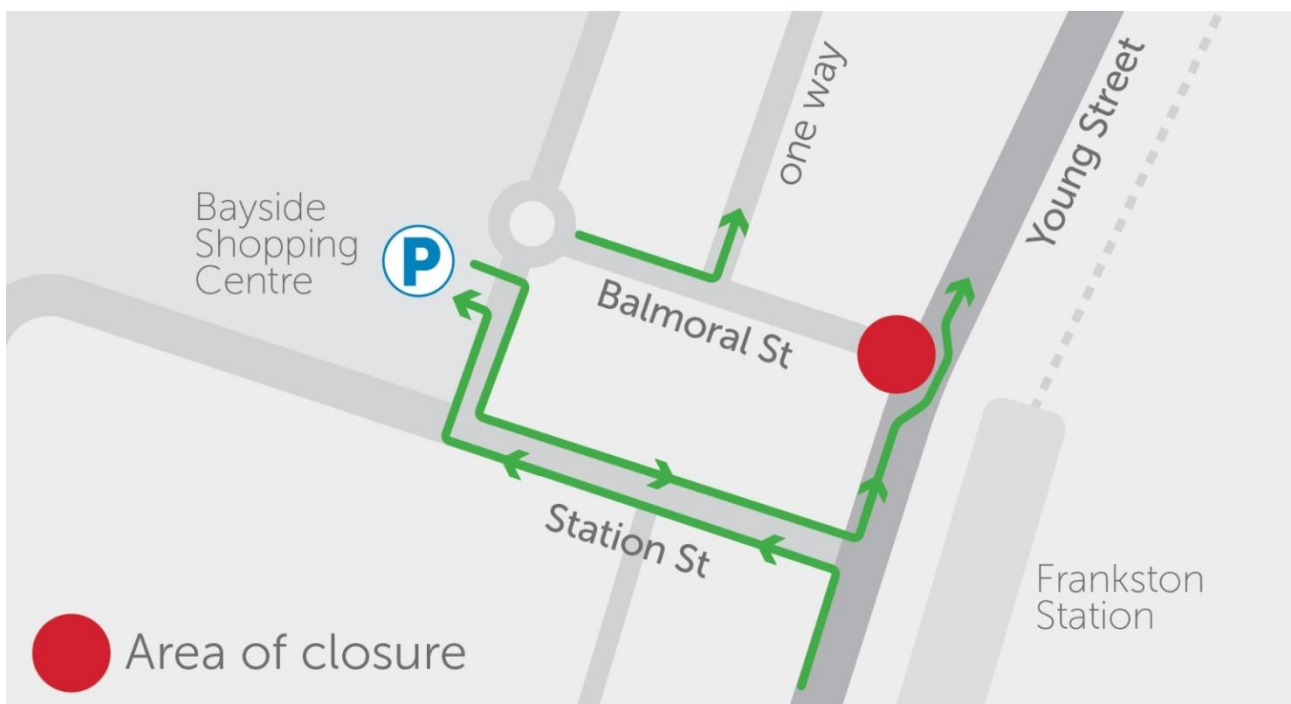

The paving works at the intersection of Young and Station Streets are now complete. Station Street will be reopened on Thursday 3 August to vehicle traffic. Traffic will continue to be one-way on Young Street (northbound).

Temporary closure of Balmoral Street

The next stage of works will see Balmoral Street closed to vehicles for a three week period starting from Thursday 3 August.

During the closure period, access to Balmoral Street will be via Station Street. Traffic controllers and directional signage will be in place to direct pedestrians and vehicles.

Please see below the map for more information on the closure and detours that will be in place. We will ensure pedestrian access to shops at all times throughout these works. Please follow the paths that are created to walk safely around our work zone.

Concreting / Paving in front of Young Street shops

To undertake concreting works in front of Young Street shops, there will be a work zone in place at Young Street in sections starting from the Wells Street end from 8pm, Thursday 3 August (weather permitting). This will be in effect for three to four weeks. We will ensure you have access to your shop at all times during business hours via ramps.

Night closure of Young Street to vehicle traffic

Young street will be temporarily closed to traffic from Wells Street to Beach Street from Sunday, 30 July from 8pm to 5am for approximately two weeks for concreting works.

Please follow the paths that are created to walk safely around our work zone.

Open Monday – Friday, 10am – 3pm

The Young Street Improvement Project is one of several major redevelopment projects happening in Frankston City. Council is not managing these projects, however is committed to keeping residents informed about what's happening and how traffic will be affected. You can view a map of these works on investfrankston.com and details on Council's Notification of Works page.

The Victorian Government is funding the Young Street Improvement project as part of the \$63 million Frankston Station Precinct Redevelopment to create a safer environment for pedestrians, improve bus operations and provide better connection with the Frankston Station precinct and surrounding facilities.
